IAM / AIR WISCONSIN COFPS MEMBERSHIP UPDATE

As was communicated this week, a Tentative Agreement was reached that keeps the work in IAD and provides for longer term solutions and security for all of our members around the System. The voting will begin at IAD on Monday, January 9, 2012. It will continue throughout the rest of the System during the days following the IAD vote. Listed below are the IAD location and voting times:

Date	Location	Shift	Meeting Time	Meeting Place
January 9	IAD	All	7:00AM-7:00PM	Ramp "A" Break Room

At these ratification meetings, the membership will receive a full explanation on the entire Tentative Agreement followed by a question and answer period. Once these are completed, all members in attendance will be afforded the opportunity to vote via secret ballot for the Tentative Agreement. It is **important** that all members realize they **must be present** at these meetings to vote.

The discussions with the Company that led to this Tentative Agreement were not taken lightly by the Negotiating Committee and reflect the turmoil that continues to exist within the regional ground handling industry. This Committee again **recommends** ratification of this Tentative Agreement by all Air Wisconsin COFPS IAM members. With best wishes, we remain

Sincerely and fraternally,

Jerry Lemke

James M. Samuel
