## **IAM / CommutAir**

Due to the devastation that was recently caused to our system by Hurricane Ike, negotiations have been postponed. We are however continuing to work with the company and exchanging some proposals electronically. This is an unconventional method but we feel it is in the flight attendants best interest to continue getting some work done so that we may get you a contract expeditiously. We also addressed the situation with the opening of the Newark domicile and how our flight attendants are being forced to move or face termination. It is the Union's position that changing flight attendants work in such a drastic way is a violation of Section 6 of the Railway Labor Act and a violation of the status quo provisions of this section. We have set future dates the first week of October and will continue to work at getting the flight attendants at CommutAir a top notch agreement.

Thank you for your continued support.

Fraternally yours,

Julie Frietchen                      Brian Wozniak
