BLIZZARD 2010 UPDATE

Your Union is communicating with management at Continental regarding the events occurring in EWR during the East Coast blizzard and its effect on the operation.

We have made it clear that although operation is under emergency conditions we will not tolerate the disregard of our negotiated rights and rules under our contract. You should file reports with the Union on any and all violations that occur.

Reports of indefinite standby, the inability to contact scheduling and the threats if you don't, pay guarantees held hostage, and failure to release are just some of the violations that should be documented.

In solidarity,

Brent Thompson Brian Wozniak Ernie Dominguez Randy Hatfield
