ExpressJet/Atlantic Southeast Announced Merger

With this morning's announcement the IAM immediately began activating our merger experienced resources to begin addressing the issues at hand. At midday we conducted a conference call with the base chairs to discuss the very limited information available and to advise we have scheduled a meeting this Friday morning, August 6, 2010, to ask the obvious questions and gather as much information available.

Further information will be provided Friday afternoon.

Sincerely and fraternally,

Tom Higginbotham
President & Directing
General Chairperson
