CRJ FEBRUARY BID PACKET

Please be advised we have come across several duty day violations in the February bid packet. We are currently cataloging all violations and working on getting legal pairings built. This would create changes to the February bid packet and unfortunately may also cause a delay in the bidding process. We will continue to work to ensure all contractual provisions are being followed and will have an update shortly. If you have any questions at this time please contact your local grievance representative.

In Solidarity,

Sara Gonzales
