## **#IAMfor10 Make Calls to Senate NOW for 10 Hours Rest**

The #IAMfor10 fight isn't over yet and we need to stick together through every step in the process! The Senate is drafting their version of the FAA Reauthorization Bill this week - and we need every IAM Flight Attendant to call their Senators and let them know they need to include our 10 hours minimum rest provision along with a Fatigue Risk Management Plan (FRMP) for Flight Attendants in the base bill.

We made it clear to the House Representatives that we were DONE being treated as second class citizens behind pilots and we need to do the same with our Senators. The Senate needs to sit up and take notice that we are an integral part of aviation safety and we demand to be treated like it!

### **Call your Senator TODAY:**

#### **Sample Script:**

"Hello, my name is \_\_\_\_\_ and I live in \_\_\_\_\_. I'm a Flight Attendant and proud Machinist Union member calling to urge Senator \_\_\_\_\_ to **include 10 hours minimum rest and a Fatigue Risk Management Plan for Flight Attendants in the FAA Reauthorization Bill.** This was already included with bipartisan support in the House version of the bill. This is about safety, my health and equality. And it is essential to maintaining the world's safest aviation system."

Just like with the House Bill this is an uphill battle but we can WIN if they hear from the people this is affecting on a daily basis. Be a part of this historic movement, not just for us but to protect future generations of Flight Attendants and passengers.

Check the attached list - if your Senator is listed your call is especially important.

If [your Senator](#) is not listed, we encourage you to make the call anyway and simply revise the script to say you expect your Senator to support Flight Attendant rest in the FAA Reauthorization Bill.

CALL NOW and let them know the Fighting Machinist Flight Attendants will NOT stand for substandard rest and fatigue protections! Your voice matters!

In Solidarity,
