#IAMFOR10 MAKE CALLS TO SENATE NOW FOR 10 HOURS REST

IAMfor10 Make Calls to Senate NOW for 10 Hours Rest

The #IAMfor10 fight isn't over yet and we need to stick together through every step in the process! The Senate will be voting on amendments to their version of the FAA Reauthorization Bill as early as next week - and we need every IAM Flight Attendant to call their Senators and let them know they need **to include our 10 hours minimum rest provision along with a Fatigue Risk Management Plan (FRMP) for Flight Attendants in the base bill.**

We made it clear to the House Representatives that we were DONE being treated as second class citizens behind pilots and we need to do the same with our Senators. The Senate needs to sit up and take notice that we are an integral part of aviation safety and we demand to be treated like it!

Call TODAY -- Sample Script:

"Hello, my name is _____ and I live in _____. I'm a Flight Attendant and proud Machinist Union member calling to urge Senator _____ to support an amendment to include 10 hours minimum rest and a Fatigue Risk Management Plan for Flight Attendants in the FAA Reauthorization Bill. This was already included with bi-partisan support in the House version of the bill. This is about safety, my health and equality. And it is essential to maintaining the world's safest aviation system."

Just like with the House Bill this is an uphill battle but we can **WIN** if they hear from the people this is affecting on a daily basis. Be a part of this historic movement, not just for us but to protect future generations of Flight Attendants and passengers.

Check the list below - if your Senator is listed your call is especially important.

If [your Senator](#) is not listed, we encourage you to make the calls anyway and let them know that flight attendant fatigue is a real issue that threatens aviation safety.

CALL NOW and let them know the Fighting Machinist Flight Attendants will NOT stand for substandard rest and fatigue protections! Your voice matters!
