Air Wisconsin to Suspend Ground Handling

We have just been notified by Air Wisconsin management that the Company will be suspending its ground handling business indefinitely, effective sometime this summer. At this time, very little details have been given other than the work will be taken over by United Ground Services and Envoy at the respective airlines. As more details are provided, we will keep the membership updated. The Union will ensure all contractual provisions are followed in the upcoming closing of these stations.

Fraternally,

Dave Supplee
