

The Association.

THE TWU-IAM ASSOCIATION

May 13, 2016

Sisters and Brothers,

The Mechanic & Related/Stores Negotiating Committee met with American Airlines the week of May 9th in Washington, D.C. During this week's sessions, your Negotiating Committee exchanged and discussed the following articles:

- Hours of Service - We exchanged this proposal with the company and engaged in discussions on this article specific to Rebids (Bids).
- Training – We continued to work on this article to prepare for our response to the company's proposal.
- Shift Swaps - We received an answer to this proposal from the company and are dissatisfied with their response. The issue is narrowed down to a single item and we have provided a reasonable solution, but the company is currently unwilling to move from their position and has not provided any reasonable argument to support their stance. Your committee has decided to put this article aside in an effort to continue moving these negotiations forward and will revisit this article in the future.
- Hours of Service--MCT-MTS--We have received counter proposals from the company and continue to work on these articles.

Your committee received a visit from TWU International President and TWU-IAM Joint Association Vice Chair Harry Lombardo on Tuesday. He addressed the committee, and restated his commitment and support to the Association and these negotiations.

Current TAs

Purpose	Preamble	Safety & Health
