# THE VOTE IS YES!

---

**January 31, 2018** - Patience and solidarity payoff at last, as members at Jetstream Ground Services in Phoenix, Arizona unanimously voted today to ratify their first Union Collective Bargaining Agreement. This agreement provides job security, a formal grievance procedure, improved Wages, Vacations, Retirement, and cost containment for Healthcare.

The District would like to thank the members of your negotiating committee - Joyce Amoah and Ken Fletcher for the many hours of hard work and dedication.

With the passing of the agreement there is now a need for workplace representation. The Local Lodge is looking for anyone interested in becoming a Shop Steward or Safety Rep. Please contact Ken or Joyce if you are interested. Training will be provided.

In Solidarity,

*Randy Griffith*
