ExpressJet District Update

Sisters and Brothers:

There are two pending Step 2 grievances and eleven grievances at mediation that we are hearing today and tomorrow.

Regarding XJT negotiations, we are meeting with attorneys in DC on Thursday and will be getting more details that we can pass along to the membership.

With the recent news of flying being shifted from EWR and CLE toward growth in IAH and ORD, we are meeting with management to get your questions answered.

If you have any specific questions regarding the CBA arbitration or the shift in flying please email sgonzales@iamDL142.org or mjohnson-cooper@IAMDL142.org so that we can make sure all of your questions are answered. We will be sending out Q&As on both of these topics.

In solidarity,
